

Special Education in Livingston County

Millage Renewal and Restoration is on the Ballot this November

What is the Millage?

On behalf of all Livingston County School Districts and public school academies, the Livingston Educational Service Agency (LESA) is asking voters to consider renewing and restoring the special education millage approved in 2015.

Why is the Renewal & Restoration Important?

The renewal would impact all students by continuing funding for special education programs used by more than 3,500 students.

It also fills the funding gap left by insufficient federal and state funding that otherwise would be drawn from the general fund, reducing resources for all Livingston students.

Where do the Funds go?

100% of funds will go to local districts and public school academies for teachers, curriculum materials, and to cover the cost of paraeducators and providing essential services like unified sports, work readiness training, peer-to-peer programs, assistive technology, and behavioral support.
